

6th March 2017

Dear Resident,

First Development Site, FDS – Demolition of 69-76 Chartridge

As part of the FDS Demolition Works, Notting Hill Housing's Demolition Contractor, Erith Contractors Ltd will be demolishing 69-76 Chartridge. These works will commence on the 13th March and take approximately 2 weeks. This demolition process will NOT include the removal of the link bridge that leads to 1-68 Chartridge.

Two banksman (a person who oversees the movements of large vehicles on a work site) will be positioned in strategic areas around the resident access and egress gate at RV 7 to ensure resident and public safety however access to RV 7 (via Westmoreland Road) will not be restricted.

The demolition will involve an excavator with a demolition attachment. This machine will begin demolishing from the South side of the block working progressively through to the North side of the block.

If you have any questions or queries, please do not hesitate to contact myself on the number below.

T: 07342 048 826.

Yours Sincerely,

Steve Bennett
Project Manager, Erith.
