Hi Hilmi,

Please find attached to this email the information which was recently forwarded to your solicitor's general email box. This letter was sent as a result of the public meeting which you attended with your father. There will shortly be a follow up letter sent by Mr Maginn with an invite to the individual meetings as outlined in the attached letter, therefore I will ensure that I email this to you and Mr Halil for your consideration to make an appointment to discuss more in depth the current issues of re-housing your father.

I enclose a copy of the Aylesbury leaseholders toolkit which outlines all re-housing routes for Aylesbury home owners. As a result of your father making an application to apply for one of the council assisted categories it was determined by a financial assessment that Mr Hilmi would be eligible for category C, buying a council property on shared ownership terms.

Please let me know if you require anything further & I will ensure that I forward the meeting invite to you shortly.

Kind Regards

Melanie Hill
